BACKGROUND/EXPERIENCE

Cyber Cafe Technician/Assistant – Blessed Internet Cafe

2014-2020

- Troubleshooting faulty Computers
- Maintenance
- Building PC set
- Managing Customers account for login/time-out and adding time

Technical Support – HP Concentrix

Nov 2022 - June 2023

- Help users through diagnostic and troubleshooting procedures, which may involve using software and hardware tools by giving them verbal instructions
- Top 3 Agent – Quarter 2 of 2023

Web Developer – Blockchain Based Storage Renting System

Thesis Project

- Created a secure Blockchain-Based Storage System on Binance testnet.
- Applied Agile principles to iterate over the overall look, details, layouts, and functions of the web application.
- Ensured an intuitive system navigation by refining the web design during the development process.

Virtual Assistant – Freelancing

Jan 2023 - December 2023

- Offered admin support, created visuals with Canva, and researched blockchain and company startups, conducting ICO analysis and scraping of application Tech Stack. The resulting report highlights recommended startups, showcasing my versatility and contributions.
